one of the most common methods to increase a vehicle's power and the G35 is not an exception. A larger diameter exhaust can be installed from the catalytic converter back (so emissions compliance is retained) which will allow the G35's engine to make more power, which in turn makes it faster. Step 2

I drive a 2003 Infiniti G35 Sedan. I love the car, it's comfortable, handles well, and is fast by 4 door standards. I had it for over 2 years before deciding to use the manumatic transmission option, and after several months of almost exclusively using the user-controlled option, I've gotten a pretty good idea of fuel consumption.
