The booklet guide supplied with the camera is only useful up to a point, it is only there to get you going. The Sony on-line manual is not clearly written and it's difficult to find what you are looking for. When you find the item you want, the explanations are sometimes difficult to understand. This book, however, is a revelation.

Photographer's Guide to the Sony Dsc-Rx10
This is a must if you have the Sony DSC-RX10 camera as there is no user guide included (there should be for the price of the camera). It's not a book to read from cover to cover but more a reference book for those times when you don't know how a feature works.
