When Earth is a proper noun, the is usually omitted. When you are talking about the ground or soil as a surface or stratum, then you must lowercase the word: The archaeologists excavated the earth at the site. It is acceptable to leave earth lowercase and use the with earth if you are talking about it as the planet we live on: The earth rotates on its axis.

If one says "The Earth is the planet we live on", that is simpler and better. Macdonald-ross 18:46, 2 January 2014 (UTC) In some places, the article has the Earth and in others Earth. I suggest changing every occurrence to Earth so the word is treated like all the other planets, making the page consistent.
